Improving Access for Victims with Mental Illness and Cognitive Disabilities

Wednesday, November 1, 2006

Publick House, Sturbridge, MA

8:30 am – 4:00 pm

Join other victim services professionals as we:

- Expand understanding of victims with mental illness and cognitive disabilities
- Gain concrete skills and techniques for improving communication with victims
- Identify community resources for victims with mental illness or cognitive disabilities
- Discuss strategies for collaboration amongst victim services providers, law enforcement, government and community agencies that serve victims with mental illness or cognitive disabilities

Sponsored by:

Massachusetts Office for Victim Assistance & the Building Partnerships Initiative
